MEMORANDUM FOR: Chief, Intelligence School  
Chief, School of International Communism  
Chief, Operations School  
Representative Group of JOT's

SUBJECT : Faculty Critique of JOT Training Program

This paper is presented as a basis for discussion. It represents the views I have come to after auditing in detail the entire course that the JOT's have just completed. During this time I have tested out my ideas on the students themselves and on some faculty members. There has been both agreement and disagreement. I believe that the proposals have sufficient merit, however, to have them formally considered and commented upon by each of the Schools that participated in the training program, and by a representative group of outstanding students. These comments should be of great value in making the decisions that will have to be made before the next course is organized for a new group of JOT's.
